28 The parties have submitted deposition excerpts in advance of trial. This order will
set forth the Court's ruling on objections contained in some of these excerpts. The order
will identify objections by the number of the deposition page on which they appear. If
more than one objection appears on a page, the order will identify the line on which the
objection starts. Where an objection is sustained, the order will identify the page and
lines that should be omitted, but if no lines are identified, the objection is sustained with
respect to all designated testimony on that page.
